

# INTEGRE HOMES

by Jody Snider

"It starts with listening"

## How will you decide?

You're in the market for a custom home...as a discerning home buyer, finding the right builder is the foundation of success. The builder is responsible for integrating the entire build process. Some of the larger builders lack personal accountability....some of the small ones lack expertise. How do you decide which builder is right for you?

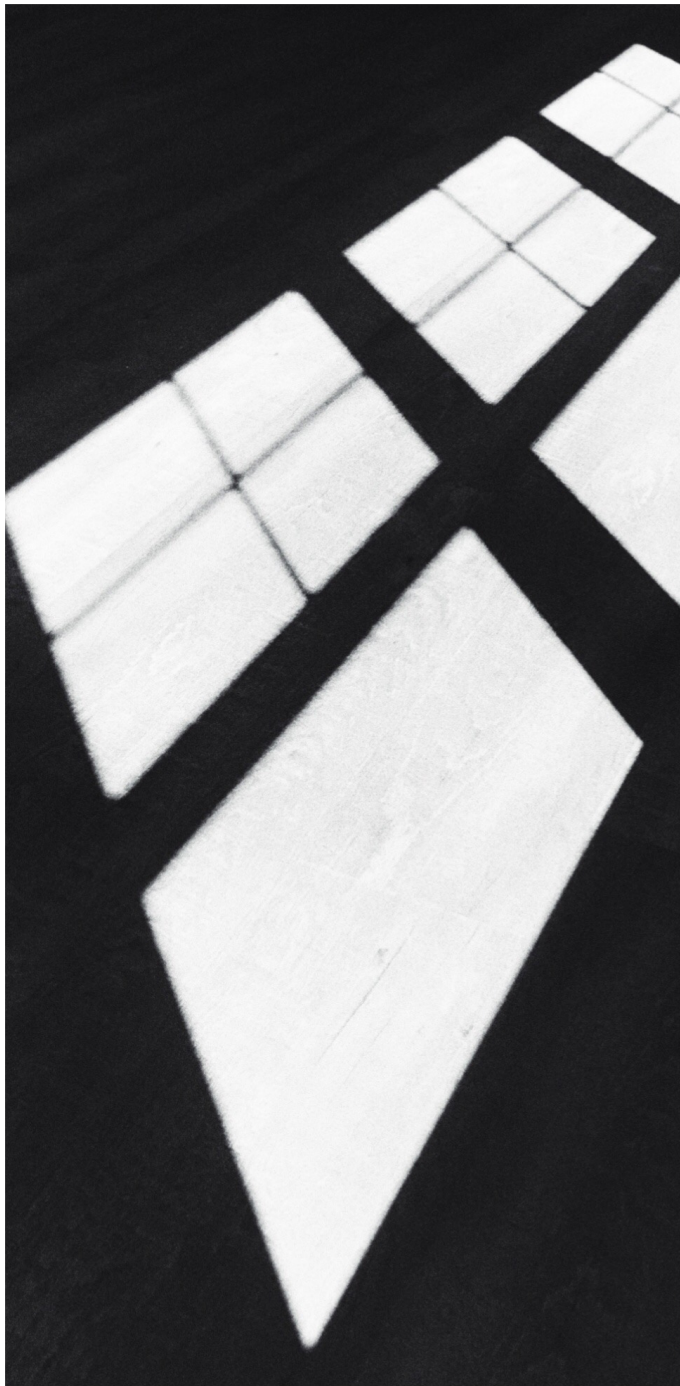

Welcome to...

## Integre Homes by Jody Snider

With over 25 years of build experience, Jody Snider has earned an impeccable reputation for building and remodeling homes in Valparaiso, Chesterton and throughout Northwest Indiana. Integre Homes by Jody Snider is a focused builder of residential homes between \$250,000 and \$600,000. We are committed to building homes that reflect the unique individuality of our clients.

## Fresh Approach

Integre Homes by Jody Snider strives to create timeless, yet expressive interiors which are warm, inviting, and comfortable. Our approach is not of a single style, but rather an approach that responds to both the architecture and our client's vision and personality.

Each project is unique and receives custom tailoring to ensure a proper fit. Whether the home is modern, traditional or somewhere in between, it is important that the solution not only be beautiful but it must be suited for modern day life and gracious living. Our designs enlist local focus groups to craft our designs based on fresh and relevant trends specific to the community from which the home is being built.

## It starts with listening...

Jody Snider believes the key to creating a remarkable home build experience is listening. Although the builder gains powerful insights through listening to local focus groups, the foundation to creating the dream home is taking time to get to know the client. Through carefully listening to the client, we can help identify the best solutions, products, materials and designs to satisfy the customer's needs and wants.

## The Integre Home Difference.

Welcome to Integre Homes by Jody Snider. And what differentiates Integre Homes? The answer can be found in the core values of its founder, Jody Snider. Jody is inspired by the sense of self-esteem that comes from helping people identify their needs and craft a home that's as unique as they are. It starts with being a good listener. The key to a successful home build experience is listening to the client and providing smart solutions.

It was tremendous working with Jody and his team. They listened to my wife and myself about our family needs. They informed us about options we didn't know were available. Our project went smoothly and would work with Jody again in the future. *Brad*

## History

In the early 1990's, Jody Snider began building relationships as a builder in his hometown of Valparaiso. With an emphasis on values, quality, commitment and impeccable service, Jody Snider's reputation grew as the builder of choice among discerning clients. Jody Snider's success continued as he assembled a team of experts that shared his values and commitment. His reputation was particularly strong with luxury home buyers. Over time, Snider found himself building almost exclusively in lakefront communities on Lake Michigan. Although Jody Snider cherishes building high-end homes and will continue doing so, he felt his reputation as a builder of luxury homes excluded him from being considered by his friends in Valparaiso, Chesterton and Michigan City.

## Building with Focus.

Homebuilding has always been Jody Snider's passion. To facilitate his de-sire to build homes for his customers between \$250,000-\$600,000, Snider founded a new company...Integre Homes by Jody Snider. Integre Homes by Jody Snider offers the same philosophical commitment to value, quality, and impeccable service of his [Custom Home division](#), while creating a team with focus on designing and building for this discerning buyer. While offer-ing the benefits of a custom builder, Integre Homes by Jody Snider places a higher degree of emphasis on efficiencies and value.

## Good Listener

With nearly three decades of build expertise, Jody Snider has earned an impeccable reputation for building homes in Porter County and on Lake Michigan. Why? Because he's a good listener...that's right. Jody is soft spoken and a good listener. Jody Snider attributes his success to listening to what his clients want. Building a home should be about you. Jody believes the key to creating a remarkable home build experience is listening. "By ignoring preconceived methods, we can open our minds to innovative solutions and options for the customer. We are able to create designs and homes that are fresh, stylish...and stand out in a world of cookie cutter homes," said Snider. "Listening is how we get there."
